

NOUVELLE NOEL BONUS PAGE!

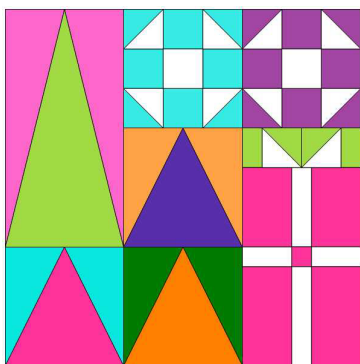

The complete pattern for Nouvelle Noel was featured in the November 2024 edition of American Quilter magazine from the American Quilter's Society (AQS), a division of Schroeder Publishing Company, Inc.

ALTERNATE COLORWAYS!

Although this fun modern design originally utilized bright scraps, it also looks great in more traditional holiday palettes! Consider these alternate colorways or choose your own favorite tones to make a holiday classic!

BONUS PROJECT!

Using your scraps, sew an 18" x 18" pillow cover with your favorite block, segments or units!

Referring to the originally published pattern, my sample used 1) S-unit, 3) R-units, 2) T-units and a Q segment, arranging them as desired arranged to suit my personal taste according to the diagram. Select the segments you like best totaling 18" (finished size) both horizontally and vertically.

After sewing the units you've selected together as desired, quilt the pillow top to a 20" square of backing fabric and square up to 18.5" x 18.5".

Choose an 18.5" x 18.5" fabric for the back of the pillow cover.

Follow the zipper instructions to install an invisible zipper at the bottom edge, then with right sides together sew around the remaining outer edges. Clip the corners and turn the pillow cover right sides out.

Press and use an 18" pillow form to complete your bonus project.
